Couple Recovery Virtually Everywhere!

The mission of the Couples Connection Clubhouse is to provide a virtual space and opportunities for meetings, workshops, retreats, resources and fellowship for couples in recovery everywhere.

Our vision is to provide a virtual clubhouse serving couples in recovery. Staying open to the needs and guidance of our Higher Power and our spiritual community, our goals include:

- * Meeting “space” for couples 12 step meetings, including:
- * RCA meetings—from anywhere—at anytime
- * Meetings focusing on personal programs in coupleship
- * Meetings focusing on specific topics or issues
- * Meetings to support those who are losing or have lost a partner
- * Fellowship “space” for couples to connect and talk in a safe, informal setting
- * “Welcome couples” – who would be available at certain times to talk with newcomers or others who have questions or concerns
- * Recordings of couples shares and talks: encouraging those who are speaking or giving workshops to be recorded so the clubhouse can have a library for others
- * Lists of resources: books or workshop recommendations from couples who found them helpful
- * Tools and tips: worksheets, handouts, samples and other things that couples found useful to their own recovery
- * Networking: a Connection Section that allows people to list themselves and some details: anniversaries, time zones, languages spoken, available to take program calls, available for temporary sponsorship... where couples can find community even when they are physically isolated from others
- * Opportunities for meetings to use zoom technology to have a connection so that other couples could listen into the meeting
- * Opportunities for small groups to “zoom in” speakers or others to attend and share ESH
- * Opportunities for couples who cannot get to meetings, retreats and conventions –for health or financial or other reasons to be able to share the recovery so freely given to us.
- * A robust calendar of all the events and opportunities available, sensitive to time zones for worldwide participation
- * An E-News mailing list to keep couples up-to-date of the possibilities and events at the Clubhouse
